

# ICELAND LONG WEEKEND

# JUN 23-26

**A long weekend trip to this interesting and friendly Island. With the help of the National Aero Club of Iceland & Including the Fly-in at Akureyri**

**FRI 23** We fly from the UK and meet at KEFLAVIK airport. We spend the afternoon watching the main wave of arrivals, hubbing out of Island. After the main rush, we have a quick look around then check-in to our airport hotel, which overlooks the runway.

**SAT 24** We drive to REYKJAVIK airport, where we have a full day with tours of the whole airport. We have visits arranged with several companies, including Eagle Air, Norourflug helicopters, Icelandic Coastguard, Several flying schools and various private and club hangars. When we have finished the whole airport and spent some time taking pictures of the domestic arrivals, we will drive over to Tungubakkar Airport, where we will be shown around several hangars. We return to our Keflavik hotel in the evening.

**SUN 25** Today there is a fly-in at Akureyri Airport, where there is the fantastic Flugsafn Íslands (museum) as well as several hangars, including Mýflug Air and Norlandair. We plan to fly here by chartered Jetstream of Eagle Air. We spend the whole day here, returning in the evening. We hope to fly low over the DC3 wreck on the beach in southern Iceland.

**MON 26** Our last morning. A quick look around Keflavik, then drive to SELFOSS, a nearby airfield Then hopefully a tour of Icelandair and some free time before our return flights.

**Cost: £599 Deposit: £239 Single Room: £185**

- Regional departures available - Includes Return flight to Akureyri -
